

Enterleisure, Magnetic Scoreboards

These slimline scoreboards are manufactured from bright galvanised steel with stainless steel feet, they are very stable, attractive and nicely made. Scores and names are recorded with a dry wipe pen on the white magnetised vinyl strips which are displayed on the metal face of the scoreboard. The strips can be moved up and down the board to signify high scorers without having to re-write the scores, when a scorer drops out of the top ten his or name can be wiped off and replaced with the name/score of the new high scorer. The Batak Challenge branding can be replaced with a logo or branding to your specification at a charge of £45 plus vat.
